EP023 UVEX ASTROSPEC 2.0 SAFETY EYEWEAR

DESCRIPTION

• SAFETY EYEWEAR
• innovative development of the world's most popular uvex astrospec spectacles
• panoramic lens with integrated side protectors for optimum protection of the whole eye area
• reliable protection provided by its perfect fit: multi-level side arm inclination allows the wearer to adjust the spectacles to suit their own face shape
• uvex ventilation system with labyrinth seal for enhanced eye comfort
• soft, non-slip sidearm pieces (uvex duo component technology) prevent pressure points
• fits easily into breast pocket due to flat-fold design
• suitable for oil and gas applications
