AC124 EVOLPOR HEAD TORCH (WHITE LIGHT ON FRONT, RED ON BACK)

DESCRIPTION

• 90° Adjustable & Waterproof - Engineered for comfort and durability, this rechargeable head torch features a 90-degree downward pivot for precise lighting control. Its IPX4 water-resistant rating ensures reliable performance in rainy conditions, safeguarding against outdoor elements. Enhanced Safety Design - Featuring a dual safety tail light system, our upgraded red light head torch provides essential warning signals with its bright red indicator light. Ideal for fishing and hiking, its red illumination enhances visibility and aids accident prevention. Adjustable Zoom Function - Versatile and practical, our head torch boasts an adjustable focal length that accommodates various lighting needs. With a user-friendly zoom lens, it effortlessly transitions between close-up and long-distance illumination, reaching distances of up to 300 to 500 meters. Multiple 5 Lighting Modes and Rechargeable - Adapt to any situation with five distinct lighting modes. Easily toggle between center light, both sides on, three lights simultaneously, three lights flashing, and red light options, ensuring you're prepared for diverse lighting requirements by using head torch.
